# Installing pcFIRMS

# Download pcFIRMS

You will be provided with an installer or download credentials to download the installer directly. The installer is in MSI format (Microsoft Software Installer).

### Running the Installer

1. Navigate to the location where your pcFIRMS\_v16 MSI file is located and double click to execute. The pcFIRMS setup Wizard will come up. Click Next.

 Set the location where pcFIRMS will be installed. The default directory is C:\Program Files (x86)\SotoTech\pcFIRMS. We recommend installing in the default directory.

You can select whether to install for all the accounts in the local system (Everyone) or just the current user (Just me)
